

Family Owned and Operated Since 1928

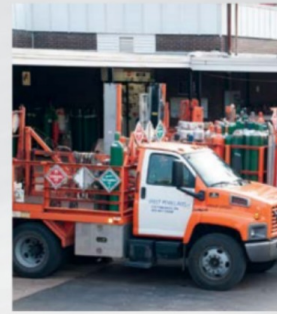

WESTERN PENNSYLVANIA'S
**Most Trusted Source for
Automotive & Industrial Needs**

412-821-3608

www.westpennlaco.com

Since our inception in 1928, West Penn Lacquer, now known as **West Penn Laco**, was the first supplier of automotive lacquer coating to the Pittsburgh market. Over the years, we have successfully evolved and responded to the demands of the markets we serve. We are still family owned and operated, and we maintain five strategic locations.

Today, West Penn Laco is Western Pennsylvania's most trusted source for automotive refinishing, welding/safety products, and industrial gases. Our client portfolio includes businesses in the automotive refinishing, construction, fabrication, manufacturing, HVAC, medical research, and utility industries.

West Penn Laco's team members, consisting of sales and service experts, are eager to assist you with technical expertise and product demonstrations. We sell and service the most respected manufacturing product lines at competitive prices—consistently!

West Penn Laco maintains a fleet of trucks that enables us to respond to next-day orders, requests, as well as emergency deliveries. We are committed to meeting and exceeding your needs for maximum convenience.

Our team looks forward to gaining your trust through each and every inquiry.
